ORGANIZED PLAN TO RAISE PRICES

Scheme Encounters Opposition, But Operators Do Not Abandon Their Attempt.

CALL MONEY AT LOWER RATE

Bear Report on Cotton Crop Depressed Some of the Cotton Carriers.

NEW YORK, July 2.—An organized attempt to carry prices of stocks to a higher level encountered obstacles today which had the effect of impairing to some extent the confidence of the operators embarked in the attempt.

Large amounts of the matured 4 per cent bonds were presented at the treasury for redemption and the routine operations of the treasury also included the cash gain to the banks.

The government crop report on condition of cotton was sufficiently qualified by the action of the cotton market.
